DS-002 *4KG* - July 2026

CheckFire. GROUP

DataSheet

The trusted go-to brand for fire extinguishers in the UK, Commander offers a comprehensive range of fire extinguishers. Now PFAS free across the entire range, time has proven the Commander range of fire extinguishers as a dependable choice for almost any situation – with reliable performance guaranteed.

POWDER FIRE EXTINGUISHERS

COMMANDER®

Powder fire extinguishers are extremely versatile. Suitable for use on Class A (combustible materials), Class B (flammable liquids) in open spaces, and Class C (flammable gases) fires, it's for this reason they're known as 'ABC' extinguishers. Powder fire extinguishers smother fires by producing a thick barrier between the fuel and the source of oxygen.

A powder fire extinguisher shouldn't be used in confined spaces because the powder can be easily inhaled. Boasting PFAS free contents, consider this extinguisher for premises including garage forecourts, commercial boiler rooms and workspaces that feature welding.

Technical Specification	FX-PWD-004-DCF
Capacity	4kg
Fire Rating	21A 89B C
Extinguishing Medium	ABC Powder
Working Pressure	14 bar @ 20°C
Temperature Range	-30°C to +60°C
Cylinder Material	Steel
Pressuring Gas	Nitrogen

PRODUCT CODE
FX-PWD-004-DCF

PRODUCT GROUP
Commander® Extinguishers

DIMENSIONS (mm) (height x width x diameter)
FX-PWD-004-DCF: 500 x 280 x 140

WEIGHT
FX-PWD-004-DCF: 6.66kg

- Kitemarked to BS EN3
- MER/MED approved
- UKCA and CE approved
- Corrosion-resistant finish
- Full range of spare parts available
- 5-year warranty
